HIGHLIGHTS THIS MONTH

Mid Week Show – Les Twentyman – at 7pm, Tuesday 4 September

As one of Australia's best-known youth outreach workers and social campaigners, Les has developed his expert opinion the hard way – on the street. Raised in Braybrook in Melbourne's West, Les has devoted his life to young people doing it tough. Les is widely considered an expert on a range of community issues including youth homelessness, drug abuse, prison reform and social welfare. All too often we hear the words "Hero", "Inspirational", "Leader of Change" - in Les' case, it happens to be true!

Mid Week Show – Jenny Davies – at 7pm, Tuesday 11 September

Tour the furthest reaches of the iconic Flinders Street station with Jenny Davies. Awarded the City of Melbourne Award for Individual Contribution to the City's Profile, Jenny continues to apply pressure to have the government consider appropriate uses for the multitude of different spaces within, consistent with original intentions for the building. You'll be amazed at just what hides behind the fancy facade.

Pagetumers – at 7pm, Thursday 20 September

We are not your regular book group that reads and discusses the same book. We are more focused on discussing what our members have read, and how that the book made them think or feel. This always provokes lively discussion! A range of books, talking books etc will be available to look at, borrow on the night, or put on hold for later reading. Supper is provided.
