

Council to consider Narbethong billboard

At its meeting on 19 December, Murrindindi Shire Council will consider an application for a planning permit to display a major promotion sign on the land at 2 Anderson Lane in Narbethong. Regional Billboard Company Pty Ltd applied to Council for the permit on the industrial land, which is the site of a former timber mill.

The application was advertised in The Mountain Monthly magazine and via a notice on the site. Neighbours around the site of the proposed major promotion sign also received a letter notifying them of the application and giving them the opportunity to let Council know if they had any concerns.

Consequently, Council received 21 objections and a petition with 237 signatures opposing the sign.

Council will consider the planning application, alongside the community's concerns, in accordance with the provisions set out in the Murrindindi Planning Scheme.
