To ensure the safety of the riders and the community, temporary changes to traffic conditions and vehicle access in certain areas of Murrindindi Shire will be implemented. Murrindindi Shire Council will be working with GTR Events, VicRoads and Victoria Police to ensure the control of traffic for this event is conducted in a safe manner.

A shuttle bus will operate from Arnold Gap to the Lake Mountain Alpine Resort Carpark between 2.00pm and 6.30pm.

### Changed Traffic Conditions

Changed traffic conditions can be expected along some sections of the race route including speed reductions along roads and at intersections. Delays due to increased cyclist and vehicle traffic can also be expected. Please allow extra time if travelling on the day.

### Rolling Road Closure

A 'rolling road closure' will also operate on the day, stopping traffic only as the cyclists travel along the race route. This will be managed by Victoria Police. Delays of between 15-30 minutes are expected. This means Police will stop vehicles at a safe area on the side of the road as the cyclists are approaching. These vehicles must then wait for the cyclists to pass by before being allowed to continue on their way.
