Single Incident Emergency Assistance

A single incident emergency is defined as an event that has occurred on a small scale, where individuals or families may have had their home or possessions severely damaged or destroyed, through an incident such as a house fire, localised flood, storm or vandalism.

If you need support as a result of an emergency, call the Municipal Recovery Manager on 5772 0333 (24 hours a day)

Red Cross help people affected by an emergency with immediate needs during the first few days following an incident.

The service is designed to assist for the immediate term only. This service is available 24 hours a day. There is a budgetary limit that can be spent per person and where possible it is recommended for affected people to stay with friends and relatives; this provides emotional support much needed at a traumatic time. Red Cross can assist with short term accommodation if this is not possible.

Services provided include:

- Accommodation — 2-3 nights motel accommodation.
- Clothing – new essential items per household member
- Toiletries and groceries
- Bedding — new essential items per household member
- Emotional support and assistance contacting other organisations when required.
