

Landfill

Within the Murrindindi Shire Council, businesses can utilise the Alexandra Landfill to dispose of large loads of residual waste. It is recommended that businesses sort out recyclable materials from their waste and take these to their local Resource Recovery Centre (RRC) to be recycled at a cost that is much lower than the landfill cost.

The Alexandra Landfill is located at 124 Mt Pleasant Rd, Alexandra. The entrance is 100m further along and on the opposite side from the entrance to the Alexandra RRC when heading out from Alexandra.

When can I drop off my waste?

The Alexandra Landfill is available to be accessed Monday to Friday, 8:00am – 3:00pm. The landfill is closed on weekends and public holidays.

General access and public weighing is by appointment only. To arrange access please call the Landfill Supervisor Peter Elward on 0417 683 492 or the Landfill Operator Kris Sawyer on 0408 286 838. Regular users of the landfill can apply for a swipe card which allows easy access during operating hours.

Landfill Pricing

The landfill operates a weighbridge to price loads fairly and accurately by the tonne. Loads are weighed on entry and exit, with the difference recorded and invoiced to customers at the end of the month. Use of the weighbridge requires a swipe card which is set up to be locked to your business. Swipe cards can be provided to all account holders on request to facilitate self service land filling.

Material	Unit	Fee
Commercial General Waste	Tonne	\$185.00
Construction and Demolition Waste (mixed)	Tonne	\$185.00
Construction and Demolition Waste (inert)	Tonne	\$185.00
