

Caring for Our Stock, Caring for Ourselves

An opportunity for Murrindindi farmers to learn about current animal health issues in the district with Delatite Vet Services' Anna Manning and hear how to deal with stressful situations with Dr Rob Gordon.

Where and when:

Thursday 27 July 7:30 pm to 9:30 pm

Molesworth Public Hall,
4355 Goulburn Valley Hwy, Molesworth 3718

Free supper provided

To register by Tues 25th (for catering purposes) or for more information, contact:

Agriculture Recovery Officer, Toni Dakis on
0428 975 728 or at

Toni.Dakis@agriculture.vic.gov.au

Topics and presenters:

This event will bring light to current animal health issues that the district may be facing and provide mental health information and support.

Delatite Vet Services principal vet Anna Manning will discuss current animal health issues and how to respond. Liver fluke, worms, lice and clostridial diseases can be important for this time of year.

Dr Rob Gordon will discuss the stages of disaster recovery and how to manage continuing stressful situations. He will discuss methods and strategies to help manage ourselves in prolonged disasters and how to deal with the build-up of expectation for a rough season ahead.

Whether you are:

- new to the industry and looking for the latest approach to animal health and mental health
- an experienced farmer looking to confirm your current approach is on track

then this event is for you.

The workshop is free and open to all farmers.

Agriculture Victoria is working with Victorian farmers and industry to prepare for, respond to and recover from natural disasters, including floods and storms.
