Site map to support a permit application

Your site map and the accuracy of the information provided is essential for us to consider your application and will form part the specific conditions of the permit.

A permit is issued based on the information provided in an application, which includes the site map.

If you need to make a change to the application including the site map, a new application may be required. Inaccurate information or failure to comply with the specified conditions may result in the cancellation of the permit and in some instances, initiation of our enforcement process.

Site map – include the proposed location of item you are applying for e.g. shipping container, additional animal housing, septic system etc
