## Mayor's Introduction

Our Budget for 2022/2023 is designed to work hard for our community. Importantly, it will enable us to implement actions which sit under the five strategic directions established in consultation with the community in the 2021-2025 Council Plan:

- Resilient Communities
- Beautiful Townships and Rural Settings
- Growth and Opportunity
- Our Protected Environment
- Transparency, Inclusion and Accountability

Recent budgets have focused to a great degree on managing the impacts of the COVID-19 pandemic on our community. We are relieved to at last be emerging from the acute phase of the crisis but, in creating this Budget, we have been mindful of the lingering effects of the pandemic on community members and businesses. We also appreciate the broader economic context for our community, including the rising cost of living and the prolonged period of low wages growth.

This Budget will help us deliver important Council services to our community and businesses. We have created opportunities for business and tourism development to revitalise our visitor-based economy. We are continuing our grants and contributions program to support community projects and the community groups that work so tirelessly to advance them. This Budget will also allow us to progress strategic planning to support appropriate residential and commercial/industrial development to meet the demand we are experiencing from people and businesses wanting to make the move to Murrindindi Shire.

Of course, costs are rising for Council, just as they are for our community. The cost of fuel and construction materials which are critical for us to create, maintain and renew buildings, roads, footpaths, recreational and community facilities, continues to increase. Inflation will limit the reach of every dollar invested in infrastructure for Council. And there are new and emerging issues and legal obligations for councils to manage, including in areas such as waste management and climate change.

It is imperative we allocate our resources wisely. Small rural councils are always looking to do more with less and manage community expectations for us to do more – and this Council is no exception. We are committed to maintaining our current services, despite cost pressures and the Victorian Government's rate capping. This Budget aims to strike the balance between keeping costs down wherever possible, and continuing to provide quality services and works for our community. Our new initiatives will support our strategic goals and work as set out in the Council Plan.

The protection of our environment is a key focus for this Budget, with funds to help us to implement our plan to reach net-zero carbon emissions in 2035. We are undertaking a feasibility study to investigate an exciting initiative to develop a farm forestry demonstration site on Council-owned land, to not only showcase the environmental benefits of farm forestry, but also to promote carbon capture to lower Council's emissions and ultimately provide a commercial investment return to boost Council's longer term revenue. While funds are earmarked in the Budget to commence the Farm Forestry Demonstration Project, this investment initiative will only proceed if demonstrated to be viable through the feasibility study and business case.

As a small rural council, our funding sources are largely limited to rates revenue and government grants to fund our operations and works. We have been successful in attracting grant funding for a range of projects in our Shire and are continuing to escalate our advocacy efforts in the lead-up to preparing this Budget to ensure even greater success in securing our fair share of grant funding. This year Council has kept its rate rise to the 1.75% cap set under the Government's Fair Go Rates System for 2022/2023. We realise this rate rise will impact some ratepayers more than others and we stand ready to assist anyone experiencing genuine financial hardship.

Council's long-established principle of 'user pays' for some optional services we provide, continues to inform our approach to setting fees and charges. We have reviewed the cost of providing these services and benchmarked user fees and charges against similar service providers. Council's proposed fees and charges in this Budget are based on cost-recovery - rather than these goods and services being subsidised by ratepayers. One exception to our 'user pays' approach is our decision to again keep pool entry free for our communities in 2022/2023. This initiative has proved hugely popular with our community, and saw a record number of visits to our pools during the 2021/2022 swimming pool season. The decision to continue free access to our pools is due to the benefits this brings to the health and wellbeing of many of our residents and especially our youth. Greenwaste disposal will continue to be a free service only prior to fire season and following declared emergency events, incurring a charge at all other times.

We believe the 2022/2023 Budget will deliver much-needed and expected services for our residents and business owners, while also allowing us to deliver on the promises we made to our community in our 2021-2025 Council Plan. The Budget reflects both our past success and confidence in our ability to attract grant funding to our Shire to build a better future for all. The Budget shares costs fairly across the board, including by ensuring those who use services pay for them. It is a fair and financially-responsible Budget that will deliver for our community.

The following chart shows Council's funding sources:

Our budget contains a number of important new operational initiatives that will help us achieve our goals under our Council Plan 2021-2025. Under each of our strategic objectives, these include:

#### Resilient Communities:

- Promoting volunteerism by supporting volunteer recruitment/retention in sporting groups post-pandemic and celebration and recognition of volunteers across the Shire during National Volunteer Week (\$10,000)
- Strengthening our Maternal Child and Health services to better support vulnerable clients and supporting our nurses to be more able to focus on direct service delivery requirements (\$50,000)
- Funds to continue the implementation of Council's Reconciliation Action Plan (\$15,000)

#### Beautiful Townships and Rural Settings:

- In recognition of the continual growth of our towns, extra funds allocated to maintain new infrastructure transferred to Council following recent subdivisions (roads, drainage, footpaths etc.) (\$135,000)
- Creation of a Masterplan to enhance the recreational and environmental values around the Lake Eildon Pondage (\$30,000)
- Implement a community wastewater education program to improve the performance of septic systems and minimise health and environmental risks (\$10,000)
- Improving community compliance with regulatory requirements associated with development and approvals to enhance amenity and support positive community outcomes (\$72,000)
- Funds to supplement Special Charge Schemes to upgrade public infrastructure (eg roads, footpaths) where this benefits local residents and there is local community support to contribute financially to the works (\$40,000)

#### Growth and Opportunity

- Funds to continue support for initiatives to aide business recovery from the pandemic including an investment attraction prospectus for the accommodation sector, a business skills and training program for local businesses, and promotion of private investment opportunities across the Shire (\$34,000)
- Continued implementation of Council's Tourism and Events Strategy, including new printed maps, visitor guide and tourism marketing brochures, new digital maps of key nature-based attractions and increased buy-in to promotions campaigns run by Tourism North East (\$62,500)
- New digital and print marketing to promote visitation to the Great Victorian Rail Trail (\$10,000)
- A Feasibility study into the development of a truck wash at the Yea Saleyards (\$20,000)

#### Our Protected Environment

- Conservation assessment, fuel load reduction and improved maintenance of Council owned and controlled bushland in the Shire (\$60,000), including bushland around Council's recycling and waste management facilities (\$25,000)
- Revised and updated code of practice for works on Council roadsides to guide Council staff, contractors and utility service authorities in meeting environmental standards (\$40,000)
- Development of a pathway of priority actions to encourage and involve the entire community in meeting Council's target of net zero emissions by 2035 across the Shire (\$25,000)

- Funds to support the implementation of initiatives in Council's Climate Change Action Plan (\$50,000)

Transparency, Inclusion and Accountability

- Additional funds to support grant seeking by Council and the community to leverage existing funds and in-kind support to improve outcomes for the Shire (\$24,000)
- Advice to support and inform Council's review of its Rates and Revenue Plan to maximise the efficiency of Councils revenue raising efforts (\$20,000)

We have also allocated \$18.8 million in capital works in this budget, including:

- Snobs Creek Road Widening (\$600,000)
- Bridge replacement at the Yea Caravan Park (\$400,000)
- The Great ARTdoors Project - art installations and signage (\$1,100,000)
- Blue Gums to Eildon Trail (\$1,300,000)
- Alexandra Rotary Park & Visitor Precinct (\$900,000)
- Alexandra landfill expansion (\$3,000,000)
- Kinglake closed landfill rehabilitation (\$1,500,000)
- Alexandra Maternal & Child Health Clinic internal fit out (\$100,000)
- Further Kinglake Streetscape Works (following Kinglake Village development) (\$150,000)
- Yea Recreation Reserve Football Pavilion upgrade (\$220,000)
- Upgrades to a number of recreation, leisure and sporting club buildings across the Shire (\$1,778,000)
- Improvements to Yea Saleyards, including traffic management, sealing of asphalt and fences and boom gates (\$220,000)
- Skyline-Maintongoon-Sonnberg Rd - Stage 1 Design (joint project with Mansfield Shire Council) (\$605,000)
- Improvement works across the Shire's four swimming pools (\$830,000)
- Farm Forestry Demonstration Project (Subject to the outcome of a feasibility study and viable business case) (\$175,000)

The following chart shows the division of the Capital Works budget

# 1. Link to the Integrated Planning and Reporting Framework

This section describes how the Budget links to the achievement of the Community Vision and Council Plan within an overall integrated planning and reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term (Community Vision and Financial Plan), medium term (Council Plan, Workforce Plan, and Revenue and Rating Plan) and short term (Budget) and then holding itself accountable (Annual Report).

## 1.1 Legislative planning and accountability framework

The Budget is a rolling four-year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The diagram below depicts the integrated planning and reporting framework that applies to local government in Victoria. At each stage of the integrated planning and reporting framework there are opportunities for community and stakeholder input. This is important to ensure transparency and accountability to both residents and ratepayers.

Source: Department of Jobs, Precincts and Regions

The timing of each component of the integrated planning and reporting framework is critical to the successful achievement of the planned outcomes.

## 1.2 Our purpose

### 10-Year Community Vision

*Through our combined efforts, our community is vibrant and resilient. We are inclusive, embrace diversity and encourage the participation of all; welcome new residents and visitors to enjoy and contribute to our Shire; respect and celebrate the cultural heritage of our First Nations People and those who have come before us; actively support the current and future needs and aspirations of people of all ages and abilities; enjoy, participate in and promote culture and the arts, sport and recreation; are leaders in waste reduction and combating climate change; protect our natural environment and biodiversity and preserve our rural landscapes; and grow through managed land development, business entrepreneurship and enhanced learning opportunities.*

### Our Council Values

**Integrity:** *We will always act with honesty and integrity and demonstrate high standards of professionalism. We will be open and honest in all dealings with the community, other Councillors and with Council staff; we will follow through on commitments; we will represent our views truthfully; we will support one another and staff if treated unfairly or without respect; we will be open to constructive feedback; and we will accept responsibility for mistakes, treating them as a learning opportunity.*

**Inclusion:** *We will value the contribution and individuality of others and commit to develop open and positive working relationships. We will foster community cohesion and encourage active participation within the community; we will embrace each other's differences, values, culture and perspectives; we will commit to early advice and no surprises; we will freely share information and knowledge with one another; we will cooperate, collaborate with and encourage others; we will be objective and flexible and willing to compromise; and we will ensure Council decisions are focussed on the best outcomes for the entire municipality.*

**Respect:** *We will respect the views, contributions, feelings, wishes and rights of others; we will actively seek to understand others experiences, ideas and perspectives; we will embrace and appreciate diversity or origin, viewpoint, experience and lifestyle; and we will recognise the achievements of others.*

**Collaboration:** *We will operate cohesively; we will work together with the community through accessible and inclusive engagement; we will strive to build effective working relationships. We will welcome the opinion of the community and respect their right to be heard; champion issues on behalf of the community in a constructive and timely manner; advocate the interests of the local community to other communities and governments; take pride in representing the community and the municipality; make decisions based on the perceived best interests of the entire municipality; present Council as a cohesive and effective working unit; and act without fear or favour.*

**Leadership:** *We will strongly represent and advocate on behalf of the community and exercise courage in our leadership and decision-making.*

**Accountability and Honesty:** *We will make decisions openly and publicly whenever possible; take responsibility for our actions and decisions; honour commitments; act with integrity and honesty in all dealings; openly report our performance and acknowledge our mistakes.*

**Initiative:** *We aim to achieve continuous improvement in performance and the highest standards and outcomes for the Murrindindi Shire. In doing so we will question the way things have been done in the past; always look for better ways to work together and to achieve outcomes on behalf of the community; be result and outcome focused at all times; encourage a positive culture focused on results and high-quality customer service; strive to exceed community expectations; adopt straightforward and realistic approaches; and acknowledge good results to staff when noticed.*

### 1.3 Strategic objectives

We have committed to delivering on five key strategic objectives which will drive the work we do, and the services we deliver in partnership with our community.

We believe these objectives reflect the values, priorities and aspirations of the Murrindindi community as expressed in our 'Shaping Our Future' community engagement.

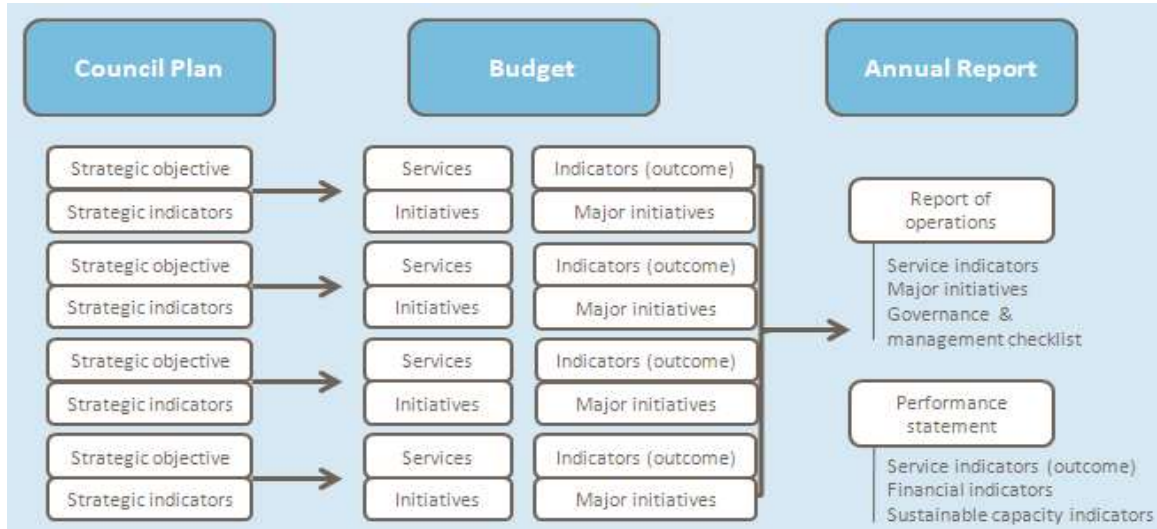

They address the things about the Murrindindi Shire that our community says are important to support opportunity, quality of life, wellbeing and the liveability of our towns and places.

<b>Strategic Objective</b>	<b>Description</b>
<b>1. Resilient Communities</b>	To ensure we are welcoming, inclusive, caring and connected.
<b>2. Beautiful Townships and Rural Settings</b>	To create a better place for our community and visitors to live in harmony with our rural character, natural beauty and heritage.
<b>3. Growth and Opportunity</b>	To prioritise and promote a culture in which the economy, businesses and community can grow and thrive.
<b>4. Our Protected Environment</b>	To protect and enhance our natural environment, supporting environmental sustainability, community resilience, innovation and adaption to climate change to achieve net-zero emissions by 2035.
<b>5. Transparency, Inclusion and Accountability</b>	To ensure our services, people and systems deliver the best possible outcomes for our communities now and into the future.

Council delivers activities and initiatives under 26 major service categories. Each contributes to the achievement of one of these strategic objectives as set out in our Council Plan for the 2021-2025 years.

## 2. Services and service performance indicators

This section provides a description of the services and initiatives to be funded in the Budget for the 2022/23 year and how these will contribute to achieving the strategic objectives outlined in the Council Plan. It also describes several initiatives and service performance outcome indicators for key areas of Council's operations. Council is required by legislation to identify major initiatives, initiatives and service performance outcome indicators in the Budget and report against them in their Annual Report to support transparency and accountability. The relationship between these accountability requirements in the Council Plan, the Budget and the Annual Report is shown below:

## 4. Notes to the financial statements

This section presents detailed information on material components of the financial statements. Council needs to assess which components are material, considering the dollar amounts and nature of these components.

### 4.1 Comprehensive Income Statement

#### 4.1.1 Rates and charges

Rates and charges are required by the Act and the Regulations to be disclosed in Council's annual budget.

As per the Local Government Act 2020, Council is required to have a Revenue and Rating Plan which is a four year plan for how Council will generate income to deliver the Council Plan, program and services and capital works commitments over a four-year period.

In developing the Budget, rates and charges are identified as an important source of revenue. Planning for future rate increases has therefore been an important component of the Financial Planning process. The Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2022/23 the FGRS cap has been set at 1.75%. The cap applies to both general rates and municipal charges and is calculated on the basis of council's average rates and charges. It should be noted that the waste & recycling charges are not included in the FGRS cap calculation.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

To achieve these objectives while maintaining service levels and a strong capital expenditure program, the average general rate and the municipal charge will increase by 1.75% in line with the rate cap.

This will raise total rates and charges for 2022/23 to \$22.7M.

4.1.1(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

For the purposes of clarification of "defined properties" for garbage and recycling charges, defined properties for compulsory garbage and recycling charges are described as follows;

- all townships (residential)
- all townships and low density residential zones;
- all other residential properties within the area as defined previously by Council. (no change).

For industrial or commercial properties, 75% of the garbage charge & recycling charge will be waived upon production of satisfactory evidence to Council that an alternative commercial waste disposal arrangement is in operation.

4.1.1(j) The estimated total amount to be raised by each type of service rate or charge, and the estimated total amount to be raised by service rates and charges, compared with the previous financial year

4.1.1(l) Fair Go Rates System Compliance

Murrindindi Shire Council is fully compliant with the State Government's Fair Go Rates System, as demonstrated in the following table.

	2021/22	2022/23
	\$'000	\$'000
Total Rates	\$ 18,003	\$ 18,485

Maximum General Rates and Municipal Charges Revenue	\$ 18,273	\$ 18,808
Budgeted General Rates and Municipal Charges Revenue	\$ 18,271	\$ 18,805

4.1.1(m) Any significant changes that may affect the estimated amounts to be raised by rates and charges

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations (2022/23: estimated \$125,000 and 2021/22: \$107,000)
- The variation of returned levels of value (e.g. valuation appeals)
- Changes of use of land such that rateable land becomes non-rateable land and vice versa
- Changes of use of land such that residential land becomes business land and vice versa.

4.1.1(n) Differential rates categories

### **Rates to be levied**

The rate and amount of rates payable in relation to land in each category are:

- A general rate of 0.002115 (0.2115 cents in the dollar of CIV) for all rateable residential properties; and
- A differential rate of 0.002642 (0.2642 cents in the dollar of CIV) for all rateable Commercial and Industrial properties (125% of general rate); and
- A differential rate of 0.000148 (0.1480 cents in the dollar of CIV) for all rateable Rural 1 properties (70% of general rate); and
- A differential rate of 0.002093 (0.2093 cents in the dollar of CIV) for all rateable Rural 2 properties (99% of general rate); and
- A differential rate of 0.003171 (0.3171 cents in the dollar of CIV) for all rateable Vacant Land properties (150% of general rate).

Each differential rate will be determined by multiplying the Capital Improved Value of each rateable land (categorised by the characteristics described below) by the relevant percentages indicated above.

Council considers that each differential rate will contribute to the efficient carrying out of council functions. Details of the objectives of each differential rate, the types of classes of land, which are subject to each differential rate and the uses of each differential rate, are set out below.

### **Rural 1 Land**

Rural 1 land is any rateable land, which is:

- Not less than 40 hectares in area; and
- shall include non-contiguous assessments within the Shire operating as a single farm enterprise.

The objective of this differential rate is to ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including (but not limited to) the:

- Construction and maintenance of infrastructure assets;
- Development and provision of health and community services;
- Provision of general support services; and
- Recognition of the capital required for farming within the Shire and limited access to some services.

The types and classes of rateable land within this differential rate are those having the relevant characteristics described above.

The money raised by the differential rate will be applied to the items of expenditure described in the Budget by Council. The level of the rate for land in this category is considered to provide for an appropriate contribution to Council's budgeted expenditure, having regard to the characteristics of the land.

Land covered by this classification is not affected by ward boundaries.

## **Rural 2 Land**

Rural 2 land is any rateable land, which is:

- greater than 4 hectares and less than 40 hectares in area; and
- shall include non-contiguous assessments within the Shire operating as a single farm enterprise.

The objective of this differential rate is to ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including (but not limited to) the:

- Construction and maintenance of infrastructure assets;
- Development and provision of health and community services;
- Provision of general support services; and
- Recognition of the capital required for farming within the Shire and limited access to some services.

The types and classes of rateable land within this differential rate are those having the relevant characteristics described above.

The money raised by the differential rate will be applied to the items of expenditure described in the Budget by Council. The level of the rate for land in this category is considered to provide for an appropriate contribution to Council's budgeted expenditure, having regard to the characteristics of the land.

Land covered by this classification is not affected by ward boundaries.

## **Vacant Land**

Vacant land is defined as:

- Any land which is located in Council's defined residential, commercial, rural living or industrial zones for planning purposes that is currently undeveloped.
- Undeveloped land is broadly classified as land not containing an approved, habitable structure, or land that has not been developed for the purpose of commercial or industrial use.

The objective of this differential rate is to encourage property owners to develop vacant land identified by Council as suitable for development, rather than simply acquire or hold land for the purpose of future investment without developing it. Encouraging the development of land ensures that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of the Council.

The types and classes of rateable land within this differential rate are those having the relevant characteristics described above.

The money raised by the differential rate will be applied to the items of expenditure described in the Budget by Council. The level of the rate for land in this category is considered to provide for an appropriate contribution to Council's budgeted expenditure, having regard to the characteristics of the land.

Land covered by this classification is not affected by ward boundaries.

## **Commercial / Industrial Land**

Commercial and industrial properties are defined as:

- Any property which is used primarily for commercial and/or industrial purposes and/or,
- Any property zoned as commercial and industrial land under the planning scheme in force in the municipal district which is not deemed vacant as per above.

The objective of this differential rate is to ensure that the owners of the property having the characteristics of Commercial and Industrial Land make an equitable financial contribution to the cost of carrying out Council's functions, including those functions supporting economic development and tourism, and the renewal and maintenance of public infrastructure that is of critical importance and benefit to business owners.

The types and classes of rateable land within this differential rate are those having the relevant characteristics described above.

The money raised by the differential rate will be applied to the items of expenditure described in the Budget by Council. The level of the rate for land in this category is considered to provide for an appropriate contribution to Council's budgeted expenditure, having regard to the characteristics of the land.

#### 4.1.2 Statutory fees and fines

	Forecast	Budget	Change	
	Actual			
	2021/22	2022/23	\$'000	%
	\$'000	\$'000	\$'000	%

Other	185	186	1	0.54%
<b>Total statutory fees and fines</b>	<b>1,405</b>	<b>1,453</b>	<b>48</b>	<b>3.42%</b>

Statutory fees and fines relate mainly to fees and fines levied in accordance with legislation and include planning permits, subdivision fees, building permits, Health Act registrations, animal registrations and parking infringements. Increase in Environmental Health fee income relates to increase in property development & the number of septic tank inspections.

#### 4.1.3 User fees

	Forecast	Budget	Change	
	Actual			
	2021/22	2022/23	\$'000	%
	\$'000	\$'000	\$'000	%
Halls & Community Centres	10	10	0	0.00%
Saleyards fees	370	496	126	34.05%
Recreation Pools & leisure centres	19	19	0	0.00%
Waste - transfer stations & landfill fees	657	829	172	26.18%
Other	25	20	(5)	-20.00%
<b>Total user fees</b>	<b>1,081</b>	<b>1,374</b>	<b>293</b>	<b>27.10%</b>

User charges relate mainly to the recovery of service delivery costs through the charging of fees to users of Council's services. In setting the budget, the key principle for determining the level of user charges has been to ensure that where possible, individual fee levels increases do not exceed the rate cap unless there was clear evidence of a need for a higher increase eg: statutory charges, cost recovery or benchmarking. Benchmarking was undertaken with neighbouring councils and fees have been adjusted where necessary to provide parity.

#### 4.1.4 Grants

Grants are required by the Act and the Regulations to be disclosed in Council's annual budget. A list of operating grants and capital grants by type and source, classified into recurrent and non-recurrent, is included below.

Other	269	337	68	25.28%
<b>Total other income</b>	<b>1,151</b>	<b>1,180</b>	<b>29</b>	<b>2.52%</b>

Other income relates to a range of items such as cost recovery and other miscellaneous income items. It consists primarily of interest revenue on investments and rate arrears and rent revenue that Council receives from various lease or licence agreements. The reduction in reimbursements relates to a reduction in legal costs in collecting rates. The increase in other relates to the recognition value of volunteer services. Volunteer services has been low in previous years due to COVID-19. Council anticipates that volunteer services will return to more normal levels in 2022/23.

#### 4.1.7 Employee costs

	Forecast	Budget	Change

<b>Total other expenses</b>	<b>389</b>	<b>500</b>	<b>111</b>	<b>28.53%</b>

Other expenses relate to rates and charges waived for charitable and not-for-profit organisations, Councillors' allowances and remuneration for auditors and audit committee members. The 2022/23 budget reflects the new Councillor allowances as determined by the Victorian Independent Remuneration Tribunal and increase in recognition of volunteer services.

## **4.2 Balance Sheet**

### **4.2.1 Assets**

Council's asset position is primarily driven by the value of its physical infrastructure (property, plant and equipment) and its projected cash levels. Cash and cash equivalents include cash and investments held in the bank in deposits or other highly liquid investments with short term maturities of three months or less.

### **4.2.2 Liabilities**

Council's liabilities, exclusive of bank debt which is detailed further in section 4.2.3 below is primarily made up of entitlements owed to employees and funds held as sureties against a variety of contracts.

Council's working capital ratio remains extremely strong, as more than four times the level of Council's current liabilities are covered by its current asset position. This ensures Council has the ability to meet its employee and supplier payments, as well as immediately commence its capital works program in 2022/23, rather than waiting for the receipt of rate funds which commences in October each year.

### 4.3 Capital works program

This section presents a listing of the capital works projects that will be undertaken for the 2022/23 year, classified by expenditure type and funding source. Works are also disclosed as current budget or carried forward from prior year.

## 5. Financial performance indicators

The following table highlights Council's current and projected performance across a range of key financial performance indicators. These indicators provide a useful analysis of Council's financial position and performance and should be interpreted in the context of the organisation's objectives. The financial performance indicators below are the prescribed financial performance indicators contained in Part 3 of Schedule 3 of the Local Government (Planning and Reporting) Regulations 2020. Results against these indicators will be reported in Council's Performance Statement included in the Annual Report.
