

# MOLLY MADDOX

With a truly beautiful voice that can drift from dreamy Americana and gritty blues to soaring ballads Molly is a rising young singer and songwriter to take notice of. Her first original song and video 'You Don't Make Me Happy' was released in 2019 as part of the Murrindindi Shire (VIC) Pop-Up studio initiative.

Fast forward another year and this astute 16 year old has written a new age Blues tinged single 'Parapsychology' that is featured again as part of a Murrindindi Shire initiative titled the 'Dindi Sessions'.

Confidence is a big part of being able to show the world who you are as a performer and Molly has worked very hard and grown to embrace her gift to be able to share with her audience. Drawing on life experiences Molly projects such feeling and passion in her voice that you learn a little bit more about her with each listen.

There is every chance that you will one day see a Grammy award in Molly's hands. She is a unique and brilliant artist.

*"Molly can hit some incredible notes! Especially in that bridge. Pitch perfect! She obviously has a natural comprehension of which tones are appropriate for parts, a skill which could take her very long way as a performer and songwriter." – Universal Music Australia*

Molly was recently featured in a Win News report covering the 'Dindi Sessions' comprising of a songwriting workshop (facilitated by country artist **Kaitlyn Thomas**) and subsequent recording session held in Yea, Victoria.

**Molly's new single and video 'Parapsychology' released on 4 July 2020.**
