

Pondage-Wide Directions

- Maintain the vegetation along the shoreline to maximise views from walking paths and access for fishing
- Increase indigenous tree planting throughout
- Install information and directional signage as required, and interpretive signage at locations of historical significance or of educational value (environmental, flora, fauna)
- Install occasional bench seating along all paths throughout the Eildon Pondage precinct, and at selected destination locations, install bike racks
- Floating pontoons and fixed platforms to be accessible, and include solar lighting and 1 - 2 bench seats with backs
- Install solar path lighting in the section of the Lower Pondage path from Lions Park to the Bourke Street Picnic Area, and the section of the Upper Pondage path from the Eildon Road/ Hillside Avenue crossing to the Eildon Pondage Holiday Park

Lions Park

- 29 New safe pedestrian crossing point
- 31 Reconfigure the car park to include some trailer parking and a new path
- 32 Reconfigure the angle car parking and path
- 33 Extend the sealed footpath on the northern side of Riverside Dr to Lions Park playground
- 34 New stage (project underway)
- 35 Vehicle-free area. Paved central plaza providing for:
 - Orientation/direction to key destinations
 - Seating
 - Management vehicle access/turning/loading
- 36 Form new angled car parking with bollards or similar to prevent vehicles from accessing the grass areas and relocate the pedestrian path to the inside of the angled parking
