Introduction

(a)	The Murrindindi Shire Council was established by an Order of the Governor in Council on 18 November 1994 and is a body corporate. The Council's main office is located at Perkins Street, Alexandra.
(b)	 The purpose of the Council is to: provide for the peace, order and good government of its municipal district; to promote the social, economic and environmental viability and sustainability of the municipal district; to ensure that resources are used efficiently and effectively and services are provided in accordance with the Best Value Principles to best meet the needs of the local community; to improve the overall quality of life of people in the local community; to promote appropriate business and employment opportunities; to ensure that services and facilities provided by the Council are accessible and equitable; to ensure the equitable imposition of rates and charges; and to ensure transparency and accountability in Council decision making.
	External Auditor - Auditor-General of Victoria Internal Auditor - HLB Mann Judd Solicitors - Russell Kennedy Bankers - ANZ Bank Website address - www.murrindindi.vic.gov.au This financial report is a general purpose financial report that consists of a Comprehensive Income Statement, Balance Sheet, Statement of Changes in Equity, Cash Flow Statement, and notes accompanying these financial statements.
	The general purpose financial report complies with Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1989, and the Local Government (Finance and Reporting) Regulations 2004.
	The financial statements were authorised for issue by Margaret Abbey Chief Executive Officer on 25 September 2013.
Note 1	Significant accounting policies
(a)	Basis of accounting
	This financial report has been prepared on the accrual and going concern bases.
	This financial report has been prepared under the historical cost convention, except where specifically stated in notes 1(h) and 1(s). Cost is based on the fair values of the consideration given in exchange for assets.
	The presentation currency of the Council is the Australian dollar which has also been identified as the functional currency of the Council.
	The presentation currency of the Council is the Australian dollar which has also been identified as the functional currency of the Council. In the application of the Australian Accounting Standards (AASs), management is required to make judgements, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources.

	In the application of the Australian Accounting Standards (AASs), management is required to make judgements, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstance, the results of which form the basis of making the judgements. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision, and future periods if the revision affects both current and future periods. Judgements made by management in the application of AASs that have significant effects on the financial statements and estimates with a risk of material
	In the application of the Australian Accounting Standards (AASs), management is required to make judgements, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstance, the results of which form the basis of making the judgements. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision, and future periods if the revision affects both current and future periods. Judgements made by management in the application of AASs that have significant effects on the financial statements and estimates with a risk of material adjustments in the next year are disclosed throughout the notes in the financial statements.
(b)	In the application of the Australian Accounting Standards (AASs), management is required to make judgements, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstance, the results of which form the basis of making the judgements. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision, and future periods if the revision affects both current and future periods. Judgements made by management in the application of AASs that have significant effects on the financial statements and estimates with a risk of material adjustments in the next year are disclosed throughout the notes in the financial statements. Accounting policies are selected and applied in a manner which ensures that the resulting financial information satisfies the concepts of relevance and reliability, thereby ensuring that the substance of the underlying transactions or other events is reported.

Note 1 Significant accounting policies (cont.) (c) Revenue recognition

Rates, grants and contributions

Rates, grants and contributions (including developer contributions) are recognised as revenues when the Council obtains control over the assets comprising these receipts.

Control over assets acquired from rates is obtained at the commencement of the rating year as it is an enforceable debt linked to the rateable property or, where earlier, upon receipt of the rates.

A general provision for doubtful debts on rates has not been established as unpaid rates represents a charge against the rateable property that will be recovered when the property is next sold. However a specific provision is maintained for two properties considered doubtful due to current planning restrictions.

Control over granted assets is normally obtained upon their receipt (or acquittal) or upon earlier notification that a grant has been secured, and are valued at their fair value at the date of transfer.

Income is recognised when the Council obtains control of the contribution or the right to receive the contribution, it is probable that the economic benefits comprising the contribution will flow to the Council and the amount of the contribution can be measured reliably.

Where grants or contributions recognised as revenues during the financial year were obtained on condition that they be expended in a particular manner or used over a particular period and those conditions were undischarged at balance date, the unused grant or contribution is disclosed in note 5. The note also discloses the amount of unused grant or contribution from prior years that was expended on Council's operations during the current year.

User fees and fines

User fees and fines (including parking fees and fines) are recognised as revenue when the service has been provided, the payment is received, or when the penalty has been applied, whichever first occurs.

A provision for doubtful debts is recognised when collection in full is no longer probable.

Reimbursements

Reimbursement revenue is recognised when the Council's right to receive payment is established.

Sale of property, plant and equipment, infrastructure

The gain or loss on sale of an asset is determined when control of the asset has irrevocably passed to the buyer, or in the case where an insured asset has been destroyed on the date of the event.

Trade and other receivables

Receiveables are carried at amortised cost using the effective interest rate method. A provision for doubtful debts is recognised when there is objective evidence that an impairment loss has occurred.

Interest and rents

Interest and rents are recognised as revenue on a proportional basis when the payment is due, the value of the payment is notified, or the payment is received, whichever first occurs.

Inventories

(d)

Inventories held for distribution are measured at cost adjusted when applicable for any loss of service potential. Other inventories are measured at the lower of cost and net realisable value. Costs are assigned on the basis of weighted average costs.

Significant accounting policies (cont.)

Note 1 (e)

Depreciation and amortisation of property, plant and equipment, infrastructure, intangibles

Buildings, land improvements, plant and equipment, infrastructure and other assets having limited useful lives are systematically depreciated over their useful lives to the Council in a manner which reflects consumption of the service potential embodied in those assets. Estimates of remaining useful lives and residual values are made on a regular basis with major asset classes reassessed annually. Depreciation rates and methods are reviewed annually.

Where infrastructure assets have separate identifiable components that are subject to regular replacement, these components are assigned distinct useful lives and residual values and a separate depreciation rate is determined for each component.

Straight line depreciation is charged based on the residual useful life as determined each year.

Major depreciation periods used are listed below and are consistent with the prior year unless otherwise stated:

	Period
Property	
Buildings	30 - 80 years
Heritage (art works and statues)	200 years
Plant and Equipment	
Plant, machinery and equipment	3 - 15 years
Library books	3 - 10 years
Infrastructure	
Roads - sealed roads and streets	
road formation andearthworks	100 - 200 years
road pavements	20 - 40 years
original surfacing and major resurfacing	
bituminous seals	8 - 12 years
asphalt seals	15-20 years
Roads - unsealed roads	
road formation and earthworks	100 - 200 years
road pavements	40 - 60 years
Bridges	
bridges - timber	30 - 40 years
bridges - steel and concrete	80 - 100 years
Drainage	50 - 85 years

Depreciation rates are consistent with the previous year.

(f) Repairs and maintenance

Routine maintenance, repair costs, and minor renewal costs are expensed as incurred. Where the repair relates to the replacement of a component of an asset and the cost exceeds the capitalisation threshold the cost is capitalised and depreciated. The carrying value of the replaced asset is expensed.

(g) Borrowing costs

Borrowing costs are recognised as an expense in the period in which they are incurred.

Borrowing costs include interest on bank overdrafts, interest on borrowings, and finance lease charges as well as the effect of unwinding of the discount factor used in the measurement of provisions.

```
(h) Recognition and measurement of assets
```

Acquisition

The purchase method of accounting is used for all acquisitions of assets, being the fair value of assets provided as consideration at the date of acquisition plus any incidental costs attributable to the acquisition.

Fair value is the amount for which the asset could be exchanged between knowledgeable willing parties in an arm's length transaction.

Where assets are constructed by Council, cost includes all materials used in construction, direct labour, borrowing costs incurred during construction, and an appropriate share of directly attributable variable and fixed overheads.

In accordance with Council's policy, the threshold limits of assets purchased in excess of \$2,000 is applied when recognising assets, with the exception of computer equipment which is recognised in excess of \$1,000.

These thresholds are consistent with the prior year.

Note 1 Significant accounting policies (cont.) Recognition and measurement of assets (cont.)

Revaluation

Subsequent to the initial recognition of assets, non-current physical assets, other than plant and equipment, furniture and equipment, library books and heritage assets, are measured at their fair value, being the amount for which the assets could be exchanged between knowledgeable willing parties in an arms length transaction. At balance date, the Council reviewed the carrying value of the individual classes of assets measured at fair value to ensure that each asset materially approximated its fair value. Where the carrying value materially differed from the fair value at balance date the class of asset was revalued.

In addition, Council undertakes a formal revaluation of land, buildings and infrastructure assets on a regular basis ranging from 3 to 5 years. The valuation is performed either by experienced council officers or an independent expert valuer from LG Valuation Services.

Where the assets are revalued, the revaluation increments are credited directly to the asset revaluation reserve except to the extent that an increment reverses a prior year decrement for that class of asset that had been recognised as an expense in which case the increment is recognised as revenue up to the amount of the expense. Revaluation decrements are recognised as an expense except where prior increments are included in the asset revaluation reserve for that class of asset in which case the decrement is taken to the reserve to the extent of the remaining increments. Within the same class of assets, revaluation increments and decrements within the year are offset.

Land under roads

The Council recognised the value of land under roads it controlled as at 30 June 2008 measured at fair value. Land under roads acquired subsequent to 30 June 2008 is brought to account at fair value.

(i) Cash and cash equivalents

For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, deposits at call, and other highly liquid investments with original maturities of three months or less, net of outstanding bank overdrafts.

(j) Tender deposits

Amounts received as tender deposits and retention amounts controlled by Council are recognised as Trust funds until they are returned or forfeited (refer to note 21).

(k) Interest-bearing loans and borrowings

Interest bearing liabilities are recorded initially at fair value, net of transaction costs.

Subsequent to initial recognition, interest bearing liabilities are measured at amortised cost with any difference between the initial recognised amount and the redemption value being recognised in profit and loss over the period of the interest bearing liability using the effective interest rate method.

Note 1 Significant accounting policies (cont.) (I) Employee benefits

Wages and salaries

Liabilities for wages and salaries and rostered days off are recognised and are measured as the amount unpaid at balance date and include appropriate oncosts such as workers compensation and payroll costs.

Annual leave

Annual leave entitlements are accrued on a pro rata basis in respect of services provided by employees up to balance date. Annual leave expected to be paid is measured at nominal value based on the amount, including appropriate oncosts, expected to be paid when settled

Long service leave

Long service leave entitlements payable are assessed at balance date having regard to expected employee remuneration rates on settlement, employment related oncosts and other factors including accumulated years of employment, on settlement, and experience of employee departure per year of service. Long service leave expected to be paid within 12 months is measured at nominal value based on the amount expected to be paid when settled. Long service leave expected to be paid later than one year has been measured at the present value of the estimated future cash outflows to be made for these accrued entitlements. Commonwealth bond rates are used for discounting future cash flows.

Classification of employee benefits

An employee benefit liability is classified as a current liability if the Council does not have an unconditional right to defer settlement of the liability for at least 12 months after the end of the period. This would include all annual leave and unconditional long service leave entitlements.

Superannuation

A liability is recognised in respect of Council's present obligation to meet the unfunded obligations of defined benefit superannuation schemes to which its employees are members.

The liability is defined as the Council's share of the scheme's unfunded position, being the difference between the present value of employees' accrued benefits and the net market value of the scheme's assets at balance date.

The superannuation expense for the reporting year is the amount of the statutory contribution the Council makes to the superannuation plan which provides benefits to its employees together with any movements (favourable/unfavourable) in the position of any defined benefits schemes. Details of these arrangements are recorded in note 29

(m) Provisions

Provisions are recognised when the Council has a present obligation, the future sacrifice of economic benefits is probable, and the amount of the provision can be measured reliably.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cashflows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recognised from a third party, the receivable is recognised as an asset if it is virtually certain that recovery will be received and the amount of the receivable can be measured reliably.

(n) Leases

Operating leases

Lease payments for operating leases are recognised as an expense in the years in which they are incurred as this reflects the pattern of benefits derived by the Council.

(o) Allocation between current and non-current

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next twelve months, being the Council's operational cycle, or if the Council does not have an unconditional right to defer settlement of a liability for at least 12 months after the reporting date.

(p) Agreements equally proportionately unperformed

The Council does not recognise assets and liabilities arising from agreements that are equally proportionately unperformed in the balance sheet. Such agreements are recognised on an 'as incurred' basis.

Note 1 Significant accounting policies (cont.) (q) Web site costs

Costs in relation to websites are charged as an expense in the period in which they are incurred.

(r) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(s) Impairment of assets

At each reporting date, the Council reviews the carrying value of its assets to determine whether there is any indication that these assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the assets carrying value. Any excess of the assets carrying value over its recoverable amount is expensed to the comprehensive income statement.

(t) Rounding

Unless otherwise stated, amounts in the financial report have been rounded to the nearest dollar. Figures in the financial statement may not equate due to rounding.

Notes to the Financial Statements For the Year Ended 30 June 2013

Note 1 Significant accounting policies (cont.) (u) Pending Accounting Standards

The following Australian Accounting Standards have been issued or amended and are applicable to the Council but are not yet effective.

They have not been adopted in preparation of the financial statements at reporting date.

Pronouncement	What's new?	Impact/Action	Transition	Effective date
AASB 9 Financial Instruments	AASB 9 standard is one of a series of amendments that are expected to eventually completely replace AASB 139. During 2010-11, the standard will be expanded to include new rules on measurement of financial liabilities and hedge accounting. Currently the existing provisions of AASB 139 will continue to apply in these areas. AASB 9 simplifies the classifications of financial assets into those to be carried at amortised cost and those to be carried at fair value – the 'available for sale' and 'held-to-maturity' categories no longer exists. AASB 9 also simplifies requirements for embedded derivatives and removes the tainting rules associated with held-to-maturity assets. The new categories of financial assets are:	The impact is not likely to be extensive in the local government sector. Although it will vary considerably between entities. While the rules are less complex than those of AASB 139, the option to show equity instruments at cost has been largely removed, which is likely to lead to greater volatility within the income statement. However it may also lead to an improved financial position for some entitles. This will also create a requirement to measure some instruments annually that has not previously existed.	restatement of	after 1 January 2015. The standard was amended in 2012 to delay the effective date by two years (previously 1

AASB 13 Fair Value Measurement	AASB 13 replaces the existing IFRS guidance on fair value measurement and disclosure. It applies whenever another standard permits or requires the use of fair value measurements. It sets out a fair value hierarchy for such measurements:	The standard determines 'how to' rather than 'when' in respect of fair value measurements, and summarises the existing IFRS guidance in one place. This standards may assist those councils that have equity investments that are no longer able to be held at cost.		Periods beginning on or after 1 January 2013
	Level 1 – quoted prices in active markets for identical assets and liabilities, which can be accessed at the measuremt date.			
	Level 2 – inputs other than quoted market prices included within Level 1, which are observable for the asset or liability, either directly or			
	 Level 3 – unobservable inputs for the asset or liability. There are also extensive disclosure requirements relating to each of the three levels within the hierarchy. 			
AASB 119 Employee Benefits, AASB 2011-10 Amendments to Australian Accounting Standards arising from AASB 119 and AASB 2011-11 Amendments to AASB 119 (September 2011) arising from Reduced Disclosure	The standards require the recognition of all re-measurements of defined benefit liabilities/assets immediately in other comprehensive income (removal of the so-called "corridor" method), the immediate recognition of all past service cost in profit or loss and the calculation of a net interest expense or income by applying the discount rate to the net defined benefit liability or asset	The entity is yet to assess its full impact		1 January 2013, 1 July 2013

2013 2012 \$

\$

Note 2

Rates and charges

Council uses Capital Improved Value (CIV) as the basis of valuation of all properties within the municipal district. The CIV of a property is its total value of land plus buildings and improvements.

The valuation base used to calculate general rates for 2012-2013 was \$3,423 million (2011-2012 \$3,215 million). The 2012-2013 rate in the dollar for general rate was 0.003100 of the capital improved value of the property (2011-2012 - 0.003078).

Council has a differential rate for Rural 1 land of 75% of the general rate. Rural 1 land means rateable land which is not less than 40 hectares in area. There is no rating differential for land classified as Rural 2 land. Rural 2 land is any rural land that does not meet the criteria for Rural 1 land and is between 4 and 40 hectares in size.

The 2012-2013 Municipal Charge was \$258.00 (2011-2012 \$244.00) per rateable assessment. In 2011-2012 the Garbage Service Charge was \$289.00 (2011-2012 \$280.00) and Recycling Charge \$71.00 (2011-2012 \$69.00).

Residential	4,651,475	4,258,750
Commercial	483,925	459,065
Rural 1	2,655,470	2,405,790
Rural 2	2,258,917	2,082,183
Municipal charge	2,356,439	2,229,200
Garbage charge	1,732,304	1,648,284
Recycling	419,607	399,632
Revenue in lieu of rates	56,721	55,446
	14.614.858	13.538.350

The date of the last general revaluation of land for rating purposes within the municipal district was 1 January 2012, and the valuation was first applied to the rating period commencing 1 July 2012.

The date of the next general revaluation of land for rating purposes within the municipal district is 1 January 2014, and the valuation will be first applied in the rating year commencing 1 July 2014.

at fair value as at 1 July 2012	85,968,192	28,845,455
Less accumulated depreciation	31,159,328	1,206,787
	54,808,864	27,638,668
Total Buildings	57,576,427	51,326,022
Total Property	81,798,208	75,388,659

Valuation of land and buildings were undertaken by a qualified independent valuer Peter Hann FAPI Certified Practising Valuer of LG Valuation services as at 1 July 2012.

The valuation of buildings is at fair value based on current replacement cost less accumulated depreciation at the date of valuation.

The valuation of land is at fair value, being market value based on highest and best use permitted by relevant land planning provisions.

Land under roads is valued at fair value. Fair value is based on Council valuations at 30 June 2012 for land under roads in existence at that date and at the date acquired for subsequent acquisitions using site values adjusted for englobo (undeveloped and/or unserviced) characteristics, access rights and private interests of other parties and entitlements of infrastructure assets and services.

Plant and equipment

Total Drainage	9,658,909	9,422,354
Total Infrastructure	193,400,878	196,315,369

Valuation of infrastructure assets have been determined by Council Officer John Canny A.A.I.Q.S. The valuation was first applied in the financial year ended 30 June 2013.

Valuations have been indexed using Victorian road and bridge construction cost data provided by the Australian Bureau of Statistics

The valuation is at fair value based on replacement cost less accumulated depreciation as at the date of valuation.

Council will be undertaking a full revaluation of Bridges in 2013-14

Reserve funds (note 24)	6,749,424	3,560,967
	7,600,226	4,660,342

Note 29 Superannuation

Murrindindi Shire Council makes the majority of its employer superannuation contributions in respect of its employees to the Local Authorities Superannuation Fund (the Fund). This Fund has two categories of membership, accumulation and defined benefit, each of which is funded differently. The defined benefit section provides lump sum benefits based on years of service and final average salary. The defined contribution section receives fixed contributions from Murrindindi Shire Council and Murrindindi Shire Council's legal or constructive obligation is limited to these contributions. Obligations for contributions to the Fund are recognised as an expense in Comprehensive Operating Statement when they are due.

Accumulation

The Fund's accumulation category, Vision Super Saver, receives both employer and employee contributions on a progressive basis. Employer contributions are normally based on a fixed percentage of employee earnings (for the year ended 30 June 2013, this was 9% required under Superannuation Guarantee legislation). No further liability accrues to the employer as the superannuation benefits accruing to employees are represented by their share of the net assets of the Fund.

Effective from 1 July 2013, the Superannuation Guarantee contribution rate will increase to 9.25%, and will progressively increase to 12% by 2019

Defined Benefit

The Fund's Defined Benefit category is a multi-employer sponsored plan. As the Fund's assets and liabilities are pooled and are not allocated to each employer, the Actuary is unable to allocate benefit liabilities, assets and costs between employers. As provided under Paragraph 32(b) of AASB 119, Murrindindi Shire Council does not use defined benefit accounting for these defined benefit obligations.

Murrindindi Shire Council makes employer contributions to the defined benefit category of the Fund at rates determined by the Trustee on the advice of the Fund's Actuary. On the basis of the results of the most recent full actuarial investigation conducted by the Fund's Actuary as at 31 December 2011, Murrindindi Shire Council makes employer contributions to the Fund's Defined Benefit category at rates determined by the Fund's Trustee. This rate is currently 9.25% of members' salaries (9.25% in 2011/12).

In addition, Murrindindi Shire Council reimburses the Fund to cover the excess of the benefits paid as a consequence of retrenchment above the funded resignation or retirement benefit (the funded resignation or retirement benefit is calculated as the VBI multiplied by the benefit).

Murrindindi Shire Council is also required to make additional contributions to cover the contribution tax payable on the contributions referred to above

Employees are also required to makes member contributions to the Fund. As such, assets accumulate in the Fund to meet member benefits, as defined in the Trust Deed, as they accrue.

Shortfall amounts

The Local Authorities Superannuation Fund's latest actuarial investigation as at 31 December 2011 identified an unfunded liability of \$406 million (excluding contributions tax) in the defined benefit category of which Murrindindi Shire Council is a contributing employer. Murrindindi Shire Council was made aware of the expected shortfall during the 2011/12 year and was informed of its share of the shortfall on 2 August 2012. Murrindindi Shire Council has not been advised of any further adjustments.

The projected value of Murrindindi Shire Council's contribution to the shortfall at 30 June 2012 (excluding contributions tax) amounted to \$1,980,896 which was accounted for in the 2011/12 Comprehensive Operating Statement within Employee Benefits (see Note 10) and in the Balance Sheet in Current Liabilities Provisions .(see Note 20) Murrindindi Shire Council received an early payment discount of \$58,586 and this has been accounted for in the 2012/13 Comprehensive Operating Statement.

The Fund surplus or deficit (ie the difference between fund assets and liabilities) is calculated differently for funding purposes (ie calculating required contributions) and for the calculation of accrued benefits as required in AAS 25 to provide the values needed for the AASB 119 disclosure in the Murrindindi Shire Council's financial statements. AAS 25 requires that the present value of the defined benefit liability be calculated based on benefits that have accrued in respect of membership of the plan up to the measurement date, with no allowance for future benefits that may accrue.he amount of the unpaid shortfall at 30 June 2013 is \$0 (\$1,980,896 for 2011/12).

Retrenchment increments

During 2012-13, Murrindindi Shire Council's was required to make payments to the Fund in respect of retrenchment increments (\$117,447 in 2011/12). Murrindindi Shire Council's liability to the Fund as at 30 June 2013, for retrenchment increments, accrued interest and tax is \$13,182.

Accrued benefits

The Fund's liability for accrued benefits was determined in the 31 December 2011 actuarial investigation pursuant to the requirements of Australian Accounting Standard Board AAS25 follows:

	31/12/2011
	\$'000
Net Market Value of Assets	4,315,324
Accrued Benefits	
(per accounting standards)	4,642,133
Difference between Assets and Accrued Benefits	(326,809)
Vested Benefits	
(Minimum sum which must be paid to members when they leave the fund)	4,838,503

The financial assumptions used to calculate the Accrued Benefits for the defined benefit category of the Fund were:

Net Investment Return	7.5% p.a.
Salary Inflation	4.25% p.a.
Price Inflation	2.75% p.a.

In accordance with Councils Enterprise Bargaining Agreement, employees with greater than 15 years of service receive an extra 2% superannuation contribution while employees with greater than 10 years service receive an extra 1% contribution.

Superannuation contributions

Council made contributions to the following funds:

Defined Benefits fund	2013	2012
Employer contributions to Local Authorities Superannuation Fund (Vision Super)	103,619	124,991
Employer Contributions payable to Local Authorities Superannuation Fund (Vision Super) - funding		
shortfall	-	1,980,896
	103,619	2,105,887

	Operating lease commitments	•	Ŷ
	At the reporting date, the Council had the following obligations under non-cancellable operating leases for the lease of equipment and land and buildings for use within Council's activities (these obligations are not recognised as liabilities):		
	Not later than one year Later than one year and not later than five years Later than five years	248,358 315,242 78,606 642,206	355,028 340,441 11,461 706,930

Recognised financial instruments	Note	Accounting Policy	Terms and Conditions
Financial assets	NOLE	Accounting Policy	
Cash and cash equivalents	15	Cash on hand and at bank and money market call account are valued at face value.	On call deposits returned a floating interest rate of 2.7% (5.01% in 2011/2012). Interest rate at balance date wa 2.7% (5.01% in 2011/12)
		Interest is recognised as it accrues.	Funds returned fixed interest rate of between 3.7% an 5.06% (3.4% and 6.2% in 2011/2012) net of fees.
		Investments and bills are valued at cost.	
		Investments are held to maximise interest returns of surplus cash.	
		Interest revenues are recognised as they accrue.	
Trade and other re	eceivable	S	
Other debtors	16	Receivables are carried at nominal amounts due less any provision for doubtful debts. A provision for doubtful debts is recognised when there is objective evidence that an impairment loss has occurred.	General debtors are unsecured and interest free. Cred terms are usually 30 days.
		Collectability of overdue accounts is assessed on an ongoing basis.	
Financial liabilities	6		
Trade and other payables	20	Liabilities are recognised for amounts to be paid in the future for goods and services provided to Council as at balance date whether or not invoices have been received.	General Creditors are unsecured, not subject to intere charges and are normally settled within 30 days of invoid receipt.
Interest-bearing loans and borrowings	23	Loans are carried at their principal amounts. Interest is accrued over the period it becomes due and recognised as part of payables.	Borrowings are secured by way of mortgages over the general rates of the Council. The weighted average interest rate on borrowings 6.34% (6.67% in 2011/2012).

(d) Credit Risk

The maximum exposure to credit risk at balance date in relation to each class of recognised financial asset is represented by the carrying amount of those assets as indicated in the Balance Sheet.

(e) Risks and mitigation

The risks associated with our main financial instruments and our policies for minimising these risks are detailed below.

Market risk

Market risk is the risk that the fair value or future cash flows of our financial instruments will fluctuate because of changes in market prices. The Council's exposures to market risk are primarily through interest rate risk with only insignificant exposure to other price risks and no exposure to foreign currency risk. Components of market risk to which Council is exposed are discussed below.

Interest rate risk

Interest rate risk refers to the risk that the value of a financial instrument or cash flows associated with the instrument will fluctuate due to changes in market interest rates. Interest rate risk arises from interest bearing financial assets and liabilities that Council use. Non derivative interest bearing assets are predominantly short term liquid assets. Our interest rate liability risk arises primarily from long term loans and borrowings at fixed rates which exposes us to fair value interest rate risk.

Our loan borrowings are sourced from major Australian banks by a tender process.

- Overdrafts are arranged with major Australian banks. We manage interest rate risk on our net debt portfolio by:
- ensuring access to diverse sources of funding;
- reducing risks of refinancing by managing in accordance with target maturity profiles; and
- setting prudential limits on interest repayments as a percentage of rate revenue.

Council manage the interest rate exposure on our net debt portfolio by appropriate budgeting strategies.

Investment of surplus funds is made with approved financial institutions under the Local Government Act 1989. Council manage interest rate risk by adopting an investment policy that ensures:

- conformity with State and Federal regulations and standards,
- capital protection,
- appropriate liquidity,
- diversification by credit rating, financial institution and investment product,
- monitoring of return on investment,
- benchmarking of returns and comparison with budget.

Maturity will be staggered to provide for interest rate variations and to minimise interest rate risk.

Note 32 Financial instruments (cont.)

Credit risk

Credit risk is the risk that a contracting entity will not complete its obligations under a financial instrument and cause us to make a financial loss. Council have exposure to credit risk on all financial assets included in our balance sheet. To help manage this risk:

- Council have a policy for establishing credit limits for the entities we deal with;
- Council may require collateral where appropriate; and
- Council only invest surplus funds with financial institutions which have a recognised credit rating specified in our investment policy.

Trade and other receivables consist of a large number of customers, spread across the consumer, business and government sectors. Credit risk associated with the Council's financial assets is minimal because the major debtor is the Victorian Government. Apart from the Victorian Government Council do not have any significant credit risk exposure to a single customer or groups of customers. Ongoing credit evaluation is performed on the financial condition of our customers and, where appropriate, an allowance for doubtful debts is raised.

We may also be subject to credit risk for transactions which are not included in the balance sheet, such as when we provide a guarantee for another party. Details of our contingent liabilities are disclosed in note 34.

Details of credit risk exposure are provided in Note 32(b)(i)

Liquidity risk

Liquidity risk includes the risk that, as a result of our operational liquidity requirements:

- Council will not have sufficient funds to settle a transaction on the date;
- Council will be forced to sell financial assets at a value which is less than what they are worth; or
- Council may be unable to settle or recover a financial assets at all.

To help reduce these risks Council:

- have a liquidity policy which targets a minimum and average level of cash and cash equivalents to be maintained;
- have readily accessible standby facilities and other funding arrangements in place;
- have a liquidity portfolio structure that requires surplus funds to be invested within various bands of liquid instruments;
- monitor budget to actual performance on a regular basis; and
- set limits on borrowings relating to the percentage of loans to rate revenue and percentage of loan principal repayments to rate revenue.

Council's exposure to liquidity risk is deemed insignificant based on prior periods' data and current assessment of risk.

Details of liquidity risk exposure are provided in Note 32(b)(ii)

(f) Sensitivity disclosure analysis

Taking into account past performance, future expectations, economic forecasts, and management's knowledge and experience of the financial markets, the Council believes the following movements are 'reasonably possible' over the next 12 months.

- A parallel shift of +1% and -1% in market interest rates (AUD) from year-end rates of 2.7%.

The table below discloses the impact on net operating result and equity for each category of financial instruments held by the Council over the previously 12 months, on a weighted average basis, if the above movements were to occur.

As interest bearing loans and borrowings are at a fixed interest there would be no impact on net operating result or equity.

Market risk exposure

		Interest rate risk

Note 33 Prior year adjustment to equity

A review of assets recorded on Councils land register identified a parcel of land that was owned by a Water Authority previously managed by the former Shire of Alexandra. The value of this parcel of land has been removed from councils asset register.

Note 34 Contingent liabilities and contingent assets

Contingent liabilities

The Council is presently involved in several confidential legal matters, which are being conducted through Council's solicitors.

As these matters are yet to be finalised, and the financial outcomes are unable to be reliably estimated, no allowance for these contingencies has been made in the financial report.

Council operates a landfill at Alexandra. Council will have to carry out site revegetation works in the future. At balance date Council is unable to accurately assess the financial implications of such works.

Note 35 Events occurring after balance date

Council is unaware of any circumstances occurring after balance date which would render particulars in the financial statements to be misleading or in accurate

Note 36 Related party transactions

(i) **Responsible Persons**

Names of persons holding the position of a Responsible Person at the Council at any time during the year are:

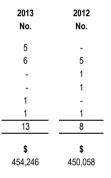

Councillors Councillor John Walsh - Mayor Councillor Cris Ruhr Councillor Margaret Rae (From 27/10/2012) Councillor Christine Challen (From 27/10/2012) Councillor John Kennedy (From 27/10/2012) Councillor Bernie Magner (From 27/10/2012) Councillor Andrew Derwent (From 27/10/2012) Councillor Sally Abbott Smith (to 2710/2012) Councillor Chris Healy (to 27/10/2012) Councillor Peter Beales (to 27/10/2012) Councillor Kevin Bellingham (to 27/10/2012) Councillor Bob Flowers (to 27/10/2012)

Chief Executive Officer Margaret Abbey

(ii) **Remuneration of Responsible Persons**

The numbers of Responsible Officers, whose total remuneration from Council and any related entities fall within the following bands:

-	\$9,999	
-	\$19,999	
-	\$39,999	
-	\$49,999	
-	\$59,999	
-	\$289,999	
	- - - -	- \$19,999 - \$39,999 - \$49,999 - \$59,999

Total Remuneration for the reporting year for Responsible Persons included above amounted to:

- (iii) No retirement benefits have been made by the Council to a Responsible Person. (2011/12, \$0).
- (iv) No loans have been made, guaranteed or secured by the Council to a Responsible Person during the reporting year. (2011/12, \$0).

Other Transactions (v)

No transactions other than remuneration payments or the reimbursement of approved expenses were entered into by Council with Responsible Persons, or Related Parties of such Responsible Persons during the reporting year. (2011/12, \$0).

Senior Officers Remuneration (vi)

A Senior Officer other than a Responsible Person, is an officer of Council who has management responsibilities and reports directly to the Chief Executive Officer or whose total annual remuneration exceeds \$130,000.

Additional Senior Officers in 2013 due the payment the of redundancies and entitlements arising from the Services Review.

The number of Senior Officers other than the Responsible Persons, are shown below in their relevant income bands:

	2013	2012
Income Range:	No.	No.
\$130,000 - \$139,999	3	2
\$140,000 - \$149,999	1	3
\$150,000 - \$159,999	1	-
\$160,000 - \$169,999	-	1

The activities relating to the municipality's components are as follows;

Governance - provides for the governance functions of Council, Civic functions and events, Communications and publications and the Executive Team.

Revenue comprise general revenue grants. Expenses comprise costs related directly in the provision of Local Government to the community.

**Community** - Children and Family, Aged and Disability, Emergency, Library, Customer and Recreation services, and Council's Community Properties including HACC, Family Day Care, Youth Support and Community and Aged housing

Local Economy - Tourism, Economic Development, Community Development, Development Properties and Yea Saleyards

Income includes grant funded programs and lease rental on council properties. Expenditure include Visitor Information services, local business support, maintenance of properties, operations of Saleyards and grant funded programs

Climate & Natural Environment - Environmental management and Waste Services. Income includes Refuse Recovery and Landfill Centres.

Expenditure includes rubbish collection, operations of tips and transfer stations, recycling, street cleaning, public convenience cleaning and maintenance

Planning & Environment - Building Control, Local Laws, Development Approvals, and Environmental Health

Infrastructure - Parks and Gardens, Quarry Operations, Infrastructure Works and Depreciation of Infrastructure Assets

Corporate Development - Financial and Corporate services, Organisational Development, Information Technology and Depreciation

Includes rate revenue, collection and valuations and council's support services.

Natural Disaster - Works resulting from the February 7 Black Saturday bushfires and 2010/11, 2011/12 Floods

|         |         | <u>Rate revenue</u><br>Total revenue                                                                                                                                                                                      | <u>14,614,858</u><br>39,668,706 =     | 36.84%      | <u>13,538,350</u><br>59,693,515 =  | 22.68%      | <u>12,481,795</u><br>65,338,796 = | 19.10       |
|         |         | The level of Council's reliance on rate revenue is<br>determined by assessing rate revenue as a proportion of<br>the total revenue of Council.                                                                            |                                       |             |                                    |             |                                   |             |
|         | (d)     | Debt exposure ratio (to identify Council's exposure to debt)                                                                                                                                                              |                                       |             |                                    |             |                                   |             |
|         |         | <u>Total indebtedness</u><br>Total realisable assets                                                                                                                                                                      | <u>11,671,230</u><br>104,191,466 =    | 11.20%      | <u>13,779,921</u><br>102,338,204 = | 13.47%      | 13,940,563<br>93,291,123 =        | 14.94       |
|         |         | For the purposes of the calculation of financial ratios,<br>realisable assets are those assets which can be sold and<br>which are not subject to any restriction on realisation or<br>use.                                |                                       |             |                                    |             |                                   |             |
|         |         | Any liability represented by a restricted asset (note 28) is excluded from total indebtedness.                                                                                                                            |                                       |             |                                    |             |                                   |             |
|         |         | The following assets are excluded from total assets when<br>calculating Council's realisable assets:<br>land and buildings on Crown land; restricted assets;                                                              |                                       |             |                                    |             |                                   |             |
|         |         | heritage assets; total infrastructure assets; and Council's investment in associate.                                                                                                                                      |                                       |             |                                    |             |                                   |             |
|         |         | This ratio enables assessment of Council's solvency and<br>exposure to debt. Total indebtedness refers to the total<br>liabilities of Council. Total liabilities are compared to total<br>realisable assets which are all |                                       |             |                                    |             |                                   |             |
|         |         | Council assets not subject to any restriction and are able<br>to be realised. The ratio expresses the percentage of<br>total liabilities for each dollar of realisable assets.                                            |                                       |             |                                    |             |                                   |             |

#### Notes to the Financial Statements For the Year Ended 30 June 2013

| Note 38 | Financi | al ratios (Performance indicators) (cont.)                                                                 | 2013                    | 2013<br>(%) | 2012       | 2012<br>(%) | 2011       | 2011<br>(%) |
|---------|---------|------------------------------------------------------------------------------------------------------------|-------------------------|-------------|------------|-------------|------------|-------------|
|         | (e)     | Working capital ratio (to assess Council's ability to meet current commitments)                            |                         | (11)        |            | (14)        |            | (14)        |
|         |         | <u>Current assets</u><br>Current liabilities                                                               | 23,077,180<br>7,011,004 | = 329.16%   | 24,353,038 | = 228.08%   | 24,293,051 | = 228.14%   |
|         |         | The ratio expresses the level of current assets the Council has available to meet its current liabilities. |                         |             |            |             |            |             |

#### (f) Adjusted working capital ratio (to assess Council's ability to meet current commitments)

| Current assets      | 23,077,180 = 443.40% | 24,353,038 = 273,47% | 24,293,051 = 268.51% |
|---------------------|----------------------|----------------------|----------------------|
| Current liabilities | 5,204,552 - 445.40 % | 8,905,133 - 273.47%  | 9,047,237 - 200.51%  |

The ratio expresses the level of current assets the Council has available to meet its current liabilities.

Current liabilities have been reduced to reflect the long service leave that is shown as a current liability because Council does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date,

but is not likely to fall due within 12 months after the end of the period.

#### Property, plant and equipment, infrastructure movement

The movement between the previous year and the current year in property, plant and equipment, infrastructure as shown in the Balance Sheet links to the net of the following items:

| Total capital works                                           |    | 6,960,772   | 19,988,442  |
|---------------------------------------------------------------|----|-------------|-------------|
| Contributed Assets                                            |    | 4,138,057   | 698,925     |
| Asset revaluation movement                                    | 19 | (466,265)   | 11,127,324  |
| Depreciation/amortisation                                     | 12 | (7,280,707) | (5,584,126) |
| Written down value of assets sold or destroyed                | 19 | (199,572)   | (501,668)   |
| Net movement in property, plant and equipment, infrastructure | 19 | 3,152,285   | 25,728,897  |

Details of movements by asset class is provided in note 19

#### (a) Renewal

Expenditure on an existing asset which returns the service potential or the life of the asset up to that which it had originally.

It is periodically required expenditure, relatively large (material) in value compared with the value of the components or subcomponents of the asset being renewed.

As it reinstates existing service potential, it has no impact on revenue, but may reduce future operating and maintenance expenditure if completed at the optimum time.

#### (b) Upgrade

Expenditure which enhances an existing asset to provide a higher level of service or expenditure that will increase the life of the asset beyond that which it had originally.

Upgrade expenditure is discretional and often does not result in additional revenue unless direct user charges apply. It will increase operating and maintenance expenditure in the future because of the increase in the Council's asset base.

#### Note 40 Special committees and other activities

Council has control over several recreation reserves which are managed through special committees. The financial transactions of these reserves are not material

## **Certification of the Financial Report**

In my opinion the accompanying financial statements have been prepared in accordance with the Local Government Act 1989, the Local Government (Finance and Reporting) Regulations 2004, Australian Accounting Standards and other mandatory professional reporting requirements.

Stephen Mortensen

Principal Accounting Officer

Date : Alexandra 25 September 2013

In our opinion the accompanying financial statements present fairly the financial transactions of Murrindindi Shire Council for the year ended 30 June 2013 and the financial position of the Council as at that date.

As at the date of signing, we are not aware of any circumstances which would render any particulars in the financial statements to be misleading or inaccurate.

We have been authorised by the Council on 25 September 2013 to certify the financial statements in their final form.

olia Confeel

## As at 30 June 2013

| _                 | ce Explanation Report             |                                                                                                                                                                                                                                                                                                                                                      |
|-------------------|-----------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <u>Ref.</u><br>11 | Item<br>Cash and cash equivalents | <b>Explanation</b><br>Greater than expected cash due to \$2.5m from operations, mostly<br>relating the advance receipt of Grants Commission funds, additional<br>funds retained due to \$3.2m on unspent capital works , in addition the<br>balance of funds as at year end 2011-12 was higher than that<br>anticipated when the budget was adopted. |
| 12                | Trade and other receivables       | Receivables greater than expected due to Government contributions oustanding including NDFA funds for bushfire and flood recovery work \$648K.                                                                                                                                                                                                       |
| 13                | Accrued Income                    | Additional interest income accrued at year end due to the higher than expected cash balance and the timing of maturity of cash deposits.                                                                                                                                                                                                             |
| 14                | Inventories                       | Higher than anticipated levels of stock at Yea depot \$40k, Alexandra depot \$7k and Topsy quarry \$16k.                                                                                                                                                                                                                                             |
| 15                | Prepayments                       | Budget was based on Councillor allowances being paid quarterly, payments are now on a monthly basis.                                                                                                                                                                                                                                                 |
| 16                | Trade and other receivables       | Greater than expected special charge street schemes payers have elected to pay in full, including \$18k for Marks and Pratts road scheme                                                                                                                                                                                                             |
| 17                | Trade and other payables          | Lower than expected creditors at year end as capital works had been<br>either completed or re-scheduled to be completed in 2013-14, as a<br>result the value of works being undertaken in late June and unpaid at<br>year end was less than previous experience.                                                                                     |
| 18                | Provisions                        | Budget was calculated on long service leave entitlements being<br>available after 10 years of service. Relevant regulations have change<br>entitling employees to leave after 7 years, actual figures have been<br>calculated based on the 7 year entitlement. This has resulted in less<br>leave being considered non- current.                     |
| 19                | Accumulated surplus               | The income statement indicates a surplus of \$7.5m above budget . T original budget was based on opening equity balance of \$153m when the actual was \$126m                                                                                                                                                                                         |
| 20                | Other reserves                    | Increased garbage reserve allocation of \$922k due to deferral of work , new and expanded assets \$1,575k and gifted and novated assets \$920k                                                                                                                                                                                                       |

## Murrindindi Shire Council 2012/2013 Standard Statements

#### Notes to the Standard Statements

#### 1. Basis of preparation of Standard Statements

Council is required to prepare and include audited Standard Statements within its Annual Report.

These statements and supporting notes form a special purpose financial report prepared to meet the requirements of the Local Government Act 1989 and Local Government (Finance and Reporting) Regulations 2004.

The Standard Statements have been prepared on accounting bases consistent with those used for General Purpose Financial Report and the Budget. The result reported in these statements are consistent with those reported in the General Purpose Financial Report.

The Standard Statements are not a substitute for the General Purpose Financial Report, which are included on pages 1 to 4 of the Financial Report.

They have not been prepared in accordance with all Australian Accounting Standards or other authoritative professional pronouncements.

The Standard Statements compare Council's Strategic Resource Plan, expressed through its budget, with actual performance. The Local Government Act 1989 requires explanation of any material variances. Council has adopted a materiality threshold of 10 per cent. Explanations have not been provided for variations below the materiality threshold unless the variance is considered to be material because of its nature.

The budget figures included in the Standard Statements are those adopted by Council on 18 June 2012. The budget was based on assumptions that were relevant at the time of adoption of the budget. The Council set guidelines and parameters for revenue and expense targets in the

Detailed information on the actual financial results are contained in the General Purpose Financial Report on pages 1 to 4. The detailed budget can be obtained by contacting Council or through Council's website.

The Standard Statements must be read with reference to these documents.

Murrindindi Shire Council 2012/2013 Standard Statements STANDARD STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

#### CERTIFICATION OF STANDARD STATEMENTS

In my opinion the accompanying standard statements have been prepared on accounting bases consistent with the financial statements and in accordance with the Local Government Act 1989 and the Local Government (Finance and Reporting) Regulations 2004.

Principal Accounting Officer Stephen Mortensen Dated: 25 September 2013

In our opinion the accompanying standard statements have been prepared on accounting bases consistent with the financial statements and in accordance with the Local Government Act 1989 and the Local Government (Finance and Reporting) Regulations 2004.

As at the date of signing, we are not aware of any circumstances which would render any particulars in the standard statements to be misleading or inaccurate.

We have been authorised by the Council on 25 September 2013, to certify the standard statements in their final form.

# INDEPENDENT AUDITOR'S REPORT

## To the Councillors, Murrindindi Shire Council

## The Financial Report and Standard Statements

The accompanying financial report for the year ended 30 June 2013 of the Murrindindi Shire Council which comprises the comprehensive income statement, balance sheet, statement of changes in equity, cash flow statement, notes to the financial statements and other explanatory information and the certification of the financial report has been audited.

The accompanying standard statements for the year ended 30 June 2013 of the Council which comprises standard income statement, standard balance sheet, standard cash flow statement, standard statement of capital works, notes to the standard statements, and the certification of standard statements have been audited.

## The Councillors' Responsibility for the Financial Report and Standard Statements

The Councillors of the Murrindindi Shire Council are responsible for the preparation and the fair presentation of:

- the financial report in accordance with Australian Accounting Standards, and the financial reporting requirements of the Local Government Act 1989
- the standard statements in accordance with the basis of preparation as described in Note 1 to the statements and the requirements of the *Local Government Act 1989*.

The Councillors are responsible for such internal control as the Councillors determine is necessary to enable the preparation and fair presentation of the financial report and standard statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

As required by the *Audit Act 1994* and the *Local Government Act 1989*, my responsibility is to express an opinion on the financial report and standard statements based on the audit, which has been conducted in accordance with Australian Auditing Standards. Those standards require compliance with relevant ethical requirements relating to audit engagements and that the audit be planned and performed to obtain reasonable assurance about whether the financial report and standard statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report and standard statements. The audit procedures selected depend on judgement, including the assessment of the risks of material misstatement of the financial report and standard statements, whether due to fraud or error. In making those risk assessments, consideration is given to the internal control relevant to the entity's preparation and fair presentation of the financial report and standard statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made by the Councillors, as well as evaluating the overall presentation of the financial report and standard statements.

# Independent Auditor's Report (continued)

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

## Independence

The Auditor-General's independence is established by the *Constitution Act 1975*. The Auditor-General is not subject to direction by any person about the way in which his powers and responsibilities are to be exercised. In conducting the audit, the Auditor-General, his staff and delegates complied with all applicable independence requirements of the Australian accounting profession.

## Opinion

In my opinion:

- (a) the financial report presents fairly, in all material respects, the financial position of the Murrindindi Shire Council as at 30 June 2013 and of its financial performance and its cash flows for the year then ended in accordance with applicable Australian Accounting Standards, and the financial reporting requirements of the Local Government Act 1989
- (b) the standard statements present fairly, in all material respects, in accordance with the basis of preparation as described in Note 1 to the statements and the requirements of the *Local Government Act 1989*.

## Basis of Accounting for Standard Statements

Without modifying my opinion, I draw attention to Note 1 to the standard statements, which describes the basis of accounting. The standard statements are prepared to meet the requirements of the *Local Government Act 1989*. As a result, the standard statements may not be suitable for another purpose.

# Matters Relating to the Electronic Publication of the Audited Financial Report and Standard Statements

This auditor's report relates to the financial report and standard statements of the Murrindindi Shire Council for the year ended 30 June 2013 included both in the Murrindindi Shire Council's annual report and on the website. The Councillors of the Murrindindi Shire Council are responsible for the integrity of the Murrindindi Shire Council's website. I have not been engaged to report on the integrity of the Murrindindi Shire Council's website. The auditor's report refers only to the subject matter described above. It does not provide an opinion on any other information which may have been hyperlinked to/from these statements. If users of the financial report and standard statements are concerned with the inherent risks arising from publication on a website, they are advised to refer to the hard copy of the audited financial report and standard statements.

John Doyle Auditor-General

## PERFORMANCE STATEMENT FOR THE YEAR 1 JULY 2012 TO 30 JUNE 2013

The above statement should be read in conjunction with the accompanying notes

## NOTES TO AND FORMING PART OF THE PERFORMANCE STATEMENT FOR 2012 / 2013

#### *Performance Statement Variances* Explanatory notes:

1. Council decided not to progress with redevelopment and opted to pursue the sale of the former Alexandra Saleyards site. Council did not initially achieve a result from the sale by public tender undertaken in early 2013, however have subsequently entered into a contract of sale for this parcel of land on 27 August 2013.

2. A draft Roadside Management Plan and associated Code of Practice for roadside management was prepared. A detailed program of stakeholder consultation involving a range of government agencies, authorities and community organisations was undertaken to provide comment on, and input into the Plan. An interim training program for Council staff and contractors was delivered to ensure improved roadside management practices were introduced. Further consultation is underway with fire agencies to ensure fire management practices are incorporated into the final Roadside Management Plan to be adopted by Council in 2013/14.

3. Council approved the new bushfire management policy on 17 December 2012 for inclusion into the Murrindindi Planning Scheme, in accordance with the 2009 Victorian Bushfires Royal Commission findings. This amendment has been submitted to the Minister for Planning for a decision.

4. The Capital Works Program results were affected by a number of issues including the deferment of major works at the Alexandra landfill to allow for the completion of the Council's Waste Strategy. Further impact on the program related to two major building projects, the Y Water Centre and the Yea Shire Hall, where the construction timeline were beyond the 2012/2013 year. Purchase of major plant, machinery and motor vehicles was deferred to allow further consideration following the completion of the service review. Significant cost savings, which impact on the results, were realised in undertaking the bridge component renewal program, also impacting, were two major bridge refurbishment projects under construction that were not completed in the year.

5. A Rating Strategy Report was finalised during the year following a program of community consultation, involving the public exhibition of the draft rating strategy report, a public meeting to explain the strategy, meetings with several stakeholder groups and the opportunity given for written submissions. The Rating Strategy Report recommends a number of options be considered by Council for revising its rating structure. The Council has informally considered the Rating Strategy Report and has requested that further financial modelling be undertaken prior to finalising a preferred position in relation to the recommendations contained in the Rating Strategy Report.

#### 2012/13 Performance Statement

## **COUNCIL APPROVAL OF THE PERFORMANCE STATEMENT**

In our opinion, that accompanying performance statement of the Murrindindi Shire Council in respect of 2012/2013 financial year is presented fairly in accordance with the Local Government Act 1989.

The statement outlines the performance targets and measures set out in relation to the achievement of the business plan in respect of that year described in Council's

Community Plan and describes the extent to which the business plan was met in that year having regard to those targets and measures.

As at the time of signing, we are not aware of any circumstances which would render any particulars in the statement to be misleading or inaccurate.

# INDEPENDENT AUDITOR'S REPORT

## To the Councillors, Murrindindi Shire Council

## The Performance Statement

The accompanying performance statement for the year ended 30 June 2013 of the Murrindindi Shire Council which comprises the statement, the related notes and the council approval of the performance statement has been audited.

## The Councillors' Responsibility for the Performance Statement

The Councillors of the Murrindindi Shire Council are responsible for the preparation and fair presentation of the performance statement in accordance with the *Local Government Act 1989* and for such internal control as the Councillors determine is necessary to enable the preparation and fair presentation of the performance statement that is free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

As required by the *Local Government Act 1989*, my responsibility is to express an opinion on the performance statement based on the audit, which has been conducted in accordance with Australian Auditing Standards. Those standards require compliance with relevant ethical requirements relating to audit engagements and that the audit be planned and performed to obtain reasonable assurance about whether the performance statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the performance statement. The audit procedures selected depend on judgement, including the assessment of the risks of material misstatement of the performance statement, whether due to fraud or error. In making those risk assessments, consideration is given to the internal control relevant to the entity's preparation and fair presentation of the performance statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the overall presentation of the performance statement.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

# Independent Auditor's Report (continued)

## Independence

The Auditor-General's independence is established by the *Constitution Act 1975*. The Auditor-General is not subject to direction by any person about the way in which his powers and responsibilities are to be exercised. In conducting the audit, the Auditor-General, his staff and delegates complied with all applicable independence requirements of the Australian accounting profession.

## Auditor's Opinion

In my opinion, the performance statement of the Murrindindi Shire Council in respect of the 30 June 2013 financial year presents fairly, in all material respects, in accordance with the *Local Government Act 1989*.

## Matters Relating to the Electronic Publication of the Audited Performance Statement

This auditor's report relates to the performance statement of the Murrindindi Shire Council for the year ended 30 June 2013 included both in the Murrindindi Shire Council's annual report and on the website. The Councillors of the Murrindindi Shire Council are responsible for the integrity of the Murrindindi Shire Council's website. I have not been engaged to report on the integrity of the Murrindindi Shire Council's website. The auditor's report refers only to the subject matter described above. It does not provide an opinion on any other information which may have been hyperlinked to/from this statement. If users of the performance statement are concerned with the inherent risks arising from publication on a website, they are advised to refer to the hard copy of the audited performance statement to confirm the information contained in the website version of the performance statement.

MELBOURNE 26 September 2013

John Doyle Auditor-General
