Moving Murrindindi is made possible through the following partnerships:

What is Moving Murrindindi?

Moving Murrindindi is a community transport program developed in partnership between Murrindindi Shire Council, Community Accessibility Inc. and Transport for Victoria.

The program connects volunteer drivers and vehicles with members of the community who need transport to medical or therapeutic appointments, social supports and major transport hubs across Murrindindi Shire and greater Victoria.

Who is eligible?

Services are available to those who have trouble accessing suitable transport, including older people, people with a disability, financially challenged or geographically isolated individuals, and those eligible for Home and Community Care (HACC) or Commonwealth Home Support Programme (CHSP) funded services.

If you are unsure if this is you, please give us a call.

To book a ride with Moving Murrindindi, or to volunteer as a driver, call our program officers on 1300 704 530 to discuss if this service is for you.

How much does it cost?

Community Accessibility Inc. provide coordination of the Moving Murrindindi program with funding support from the Victorian Government.

For the day to day running costs of the vehicles, clients are requested to provide a contribution. This is calculated on an individual basis, and clients will be advised of the contribution amount when booking their transport.
